RE: Project: AT&T Mobility - Eligible Facilities Request
Site Address: 20 Indian Path Road
Site Number: 857736/471120

Dear Mr. Berger:

Crown Castle USA Inc. ("Crown Castle") on behalf of AT&T Mobility ("AT&T") is submitting the attached Eligible Facilities Request application to modify and install transmission equipment on a telecommunications tower located at 20 Indian Path Road in Grafton, Massachusetts.

Section 6409 of the Middle Class Tax Relief and Job Creation Act of 2012, commonly known as the "Spectrum Act" (Pub. Law No. 112-96, 126 Stat 156), mandates that state and local governments "may not deny, and shall approve, any eligible facilities request for a modification of an existing wireless tower or base station that does not substantially change the physical dimensions of such tower or base station." This includes the collocation of transmission equipment on existing wireless telecommunications facilities. Under federal law, an Eligible Facilities Request is deemed granted with written notification in sixty (60) days after an application is filed with a local jurisdiction, excluding tolling. Based on the submittal date of May 20, 2019, 60 days will expire on July 20, 2019.

AT&T Mobility (AT&T) is an existing wireless provider located on the telecommunications tower at 20 Indian Path Road and proposes to modify their existing equipment on the tower as follows:

Remove and replace existing antenna platform; remove six existing antennas and six existing RRH's (remote radio heads, non-antennas); relocate three existing antennas and three existing RRH's into different sectors on the tower; install six new antennas, nine RRHs, one DC6, two DC trunks and one fiber trunk on tower; install three RRHs at ground level. This scope of work qualifies as an Eligible Facilities Request.

Itemized list of submittal documents:

- Building Permit Application
- Initial Construction Control Document
- Property Owner LOA

- Certificates of Insurance & Worker's Compensation Affidavit
- Passing Structural Analysis
- Construction Drawings – 2 Sets

Upon your review of the enclosed application materials, please call 201-236-9224 or email me at annemarie.zsamba@crowncastle.com so that I may submit the applicable fees due for this application.

Crown Castle and AT&T are committed to working cooperatively with all jurisdictions around the country to secure expeditious approval of requests to install and modify existing personal wireless service facilities. If you should require more information regarding the Spectrum Act, please do not hesitate to contact me with your questions. If you should require additional information to complete this application, please let me know.

Thank you kindly.

Best,

Anne Marie Zsamba
